## Sliding Doors & Wardrobes

### Complete Product Brochure

# Our **STORY**

Welcome to SlideShop, crafting quality doors and wardrobes since early 2013 in the heart of Auckland, New Zealand. With over 12 years of expertise, we take pride in offering a diverse range of products designed to enhance your living space.

At SlideShop, we understand that every home is unique, which is why we provide a wide selection of sliding doors, bifolding doors, wardrobe organizers, and more. Whether you prefer built-in solutions or stand-alone pieces, our showroom showcases the majority of our products for your convenience.

What sets us apart is our passion for elevating homes. From sliding doors to stand-alone wardrobes, walk-in wardrobes, interior shelves, and sliding drawer constructions, we have everything you need to transform your space. We exclusively use soft-closing drawer runners and offer a range of wardrobe add-on accessories to customize your storage solutions.

We provide quick quotes and have a rapid turnaround time for manufacturing orders thanks to our in-house factory.

Simply give us a call, send us an email, or visit the SlideShop showroom to book a consultation.

Experience the SlideShop difference and transform your living space today.

## **Purchasing Process**

Place your Order by heading to our website to find the perfect solution for your home. You can find the products you see in this catalogue by searching for the product SKU.

After receiving your pre-order, we will get in touch with you to confirm details and confirm payment. Lead Time is typically 10-15 working days once payment has been received.

We have a choice of delivery options to ensure you receive your goods on time. Give us a call or email us to book a job. You can also visit the Slideshow showroom for advice.

Wall hung tower with adjustable shelves.

Wall hung tower with upper adjustable shelves and lower 2x drawers.

Wall hung tower with upper adjustable shelves, 1x deep drawer and 1x bottom pant rack.

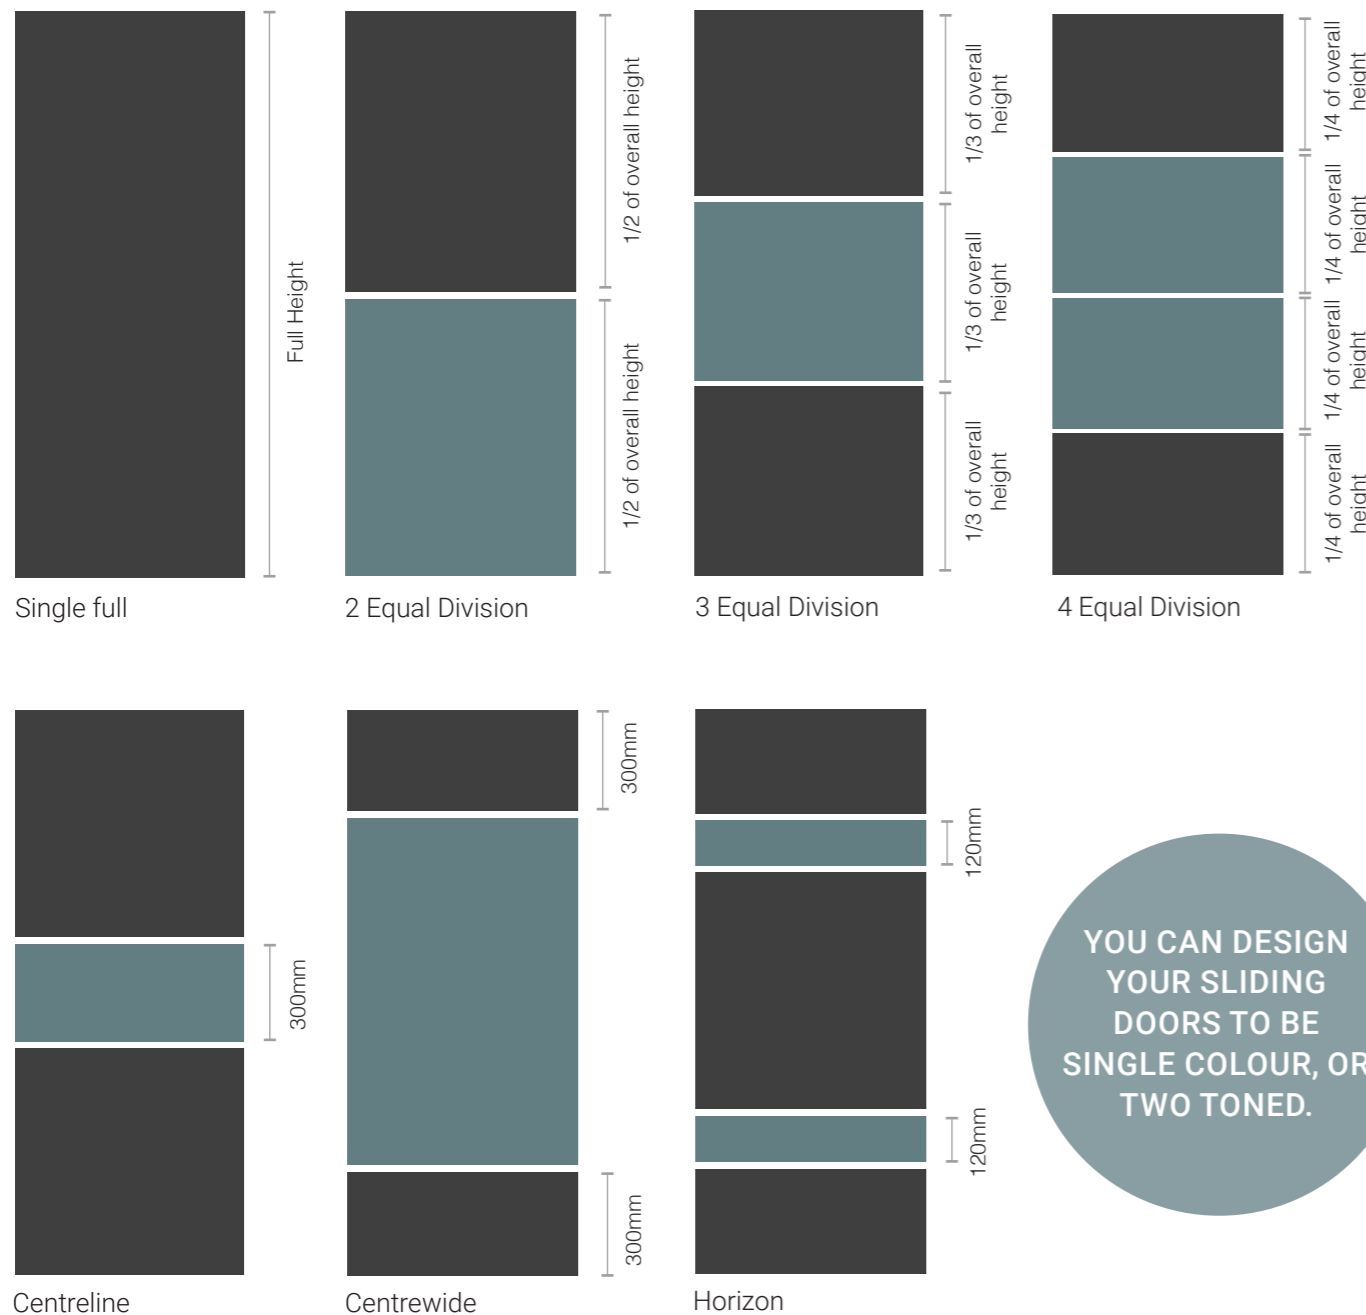

# DESIGN GUIDE

## Planning Tips

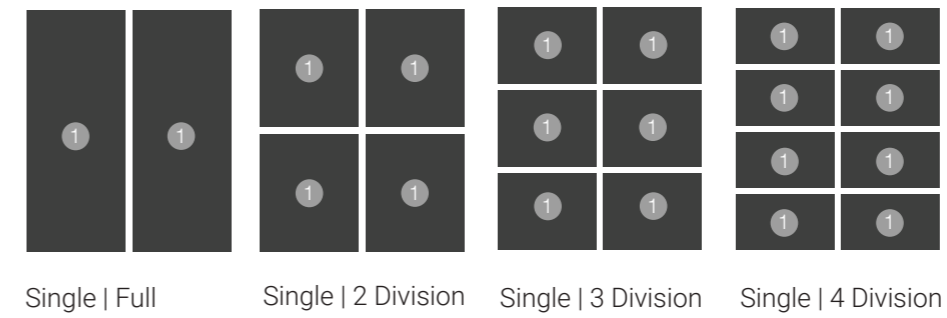

See below for our full product specifications guide.

### Sliding Door Configuration Sizes

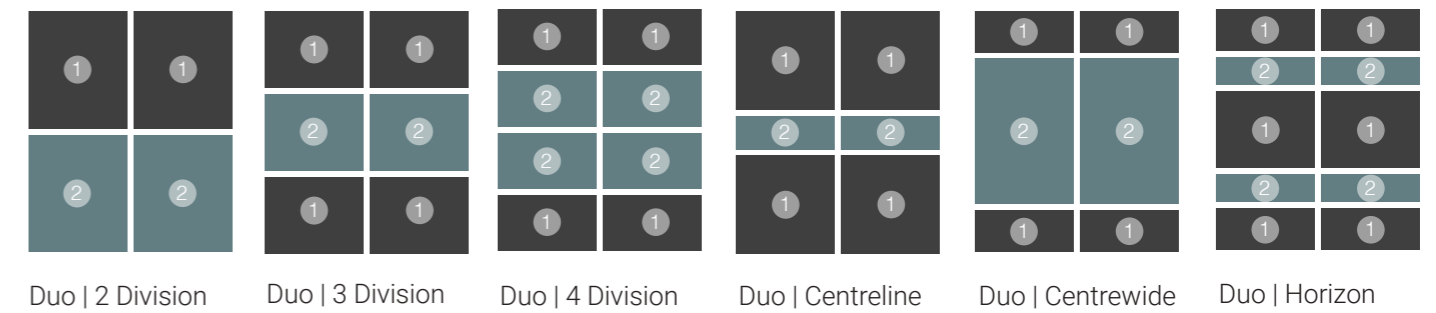

YOU CAN DESIGN YOUR SLIDING DOORS TO BE SINGLE COLOUR, OR TWO TONED.

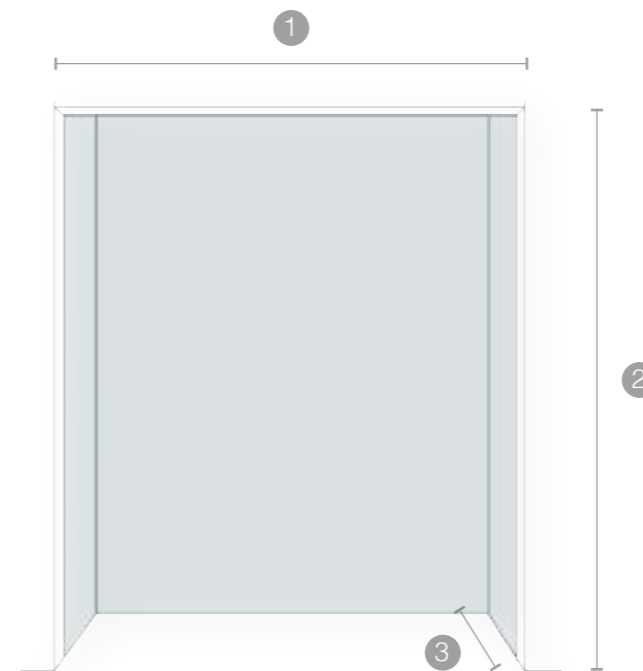

### Single Colour

### Duo Colour

### Measure Your Wardrobe

- 1 Measure the length of your wardrobe from wall to wall. If your wardrobe has a wall return, you will need to take a second measure for the sliding door width.
- 2 Second, measure the height of the door opening. Measure from each side to check if there's any difference in height levels.
- 3 Finally, take a measure of the wardrobe depth. Usually, we need to take off some depth to make the wardrobe fit inside.

### Please note:

- Our wardrobes are stocked at depths of 394mm and 520mm.
- There are a range of different tower configurations available, but custom orders can also be done.
- For sliding doors, the minimum individual door width is 500mm.
- The maximum individual door width is 1200mm.
- The maximum individual door height for Single full panel style is 2400mm. Door height exceeding 2400mm priced separately upon enquiry.

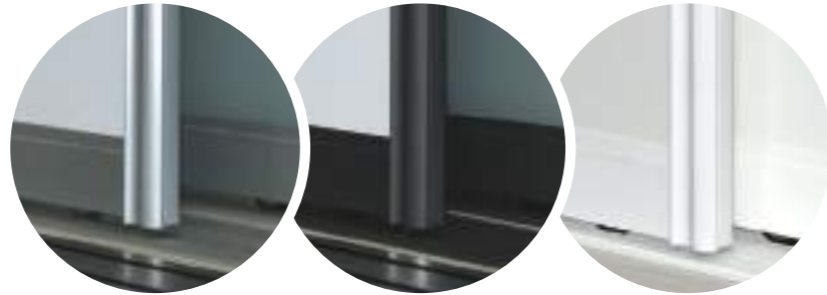

# DESIGN GUIDE

## Planning Tips

### Sliding Door Frames

#### Groove Frame

Vertical Width: 35mm  
 Depth: 35mm  
 Horizontal Divider Width: 23mm
